BUDGET AND PROGRAM PLANNING

## Legislative Branch - 11040

**Mission Statement** - The mission of the legislature is to exercise the legislative power of state government vested by the Constitution of the State of Montana and to fulfill its constitutional duties. The mission of the agencies within the Legislative Branch, i.e., the consolidated legislative agency (5-2-201, MCA), is to provide the administration structure to support accomplishment of the powers and duties of the Legislature.

**Statutory Authority** - Principal statutory authority for the Legislative Services Division is found in Title 1, Chapter 11, and Title 5, Chapters 5 and 11, MCA. Principal statutory authority for the Legislative Fiscal Division is found in The Legislative Finance Act, Title 5, Chapter 12, MCA. The post-audit function of the Legislative Audit Committee is constitutionally required in Article V, section 10, of the Montanan Constitution, and support by the Legislative Audit Division with principal statutory authority in The Legislative Audit Act, Title 5, Chapter 13, MCA.

**Budget Submission** - In accordance with 17-7-122, MCA, the budget for the Legislative Branch must be presented in the Executive Budget as submitted to the Governor with no changes.

### Legislative Services - 20

**Program Description** - The Legislative Services Division provides objective research, reference, legal, technical, information technology, and business services to the House, Senate, and other divisions of the Legislative Branch.

Division services include:

1. Bill and amendment drafting, preparation of bills for introduction, and engrossing and enrolling bills;
2. Publication and records management of legislative documents of record;
3. Preparation, publication, and distribution of the Montana Code Annotated text and annotations;
4. Provision of legislative research and reference services;
5. Support for session and interim committees;
6. Legal services and counseling on legislative matters and agency legal support;
7. Review of the text of proposed ballot measures;
8. Personnel and business services;
9. Planning, installation, and maintenance of branch information technology;
10. Broadcasting of state government and public policy events; and
11. Provision of legislative information to the public.

The Legislative Council provides policy guidance to the Legislative Services Division.

FY 2024	(\$94,601)	\$95,400
FY 2025	\$175,105	\$175,105

#### SWPL - 1 - Personal Services -

The budget includes an increase of \$95,400 in FY 2024 and an increase of \$175,105 in FY 2025 to annualize various personal services costs including FY 2023 statewide pay plan, benefit rate adjustments, longevity adjustments related to incumbents in each position at the time of the snapshot, and vacancy savings.

FY 2024	(\$71,547)	(\$71,547)
FY 2025	\$435,874	\$435,874

#### SWPL - 2 - Fixed Costs -

The request includes a reduction of \$71,547 in FY 2024 and an increase of \$435,874 in FY 2025 to provide the funding required in the budget to pay fixed costs assessed by other agencies within state government for the services they provide. Examples of fixed costs include liability and property insurance, legislative audit, warrant writer, payroll processing, and others. The rates charged for these services are approved in a separate portion of the budget.

FY 2024	\$167,526	\$167,526
FY 2025	\$199,606	\$199,606

#### SWPL - 3 - Inflation Deflation -

This change package includes an increase of \$167,526 in FY 2024 and an increase of \$199,606 in FY 2025 to reflect budgetary changes generated from the application of inflation to specific expenditure accounts. Affected accounts include those associated with supplies and materials, communications, repair and maintenance, state motor pool, and other services.

FY 2024	\$527,959	\$587,233
FY 2025	\$530,709	\$391,488

#### PL - 4 - Present Law Adjustments -

The legislature adopted increases in state information technology services division rates for network connectivity, remote services, device authentication, and enterprise rates as well as contingency services for programming and web development. The General Fund increase for FY 2024 is \$587,233 and for FY 2025 is \$391,488. These amounts are comprised mostly of as follows:

1. ITSD rates and units increased by \$759,000
2. Transfers for Capitol Security increased by \$128,000

#### -----New Proposals-----

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$380,337	\$380,337
FY 2025	\$375,180	\$375,180

#### NP - 10 - FTE Request- Branch Professional/Support Staff -

This new proposal is requesting 4.00 FTE for the Legislative Services Division. Position- 1.00 Interim Committee Secretary, 1.00 Accounting Technician, 1.00 Research Analyst I, and 1.00 Legislative Attorney I. (All Full-Time/Permanent), a total general fund increase of \$380,337 in FY 2024 and \$375,180 in FY 2025.

As Legislative Interim Committee work increases, so does the need for staffing. From state fiscal year 2017 to state fiscal year 2022, interim committees increased from a net of 12 to 16. This includes subcommittees (ex. HJ 37 - subcommittee of Water Policy Interim Committee). This number does not include the interim budget committees provided for in HB 497 (which LSD also supports). In addition, the number of regular interim committee meetings from state fiscal year 2020 to state fiscal year 2022 has increased from 160 meeting days to 188 meeting days. None of these numbers include the Districting and Apportionment commission (OTO every 10 years). The scheduling of the meetings has been difficult, and often there are overlaps leaving Legislative Services Division to find adequate committee secretary, legal, and research analyst coverage.

#### **NP - 11 - FTE Request- Modified to Permanent (PG 20) -**

This new proposal is requesting 9.00 FTE for the Legislative Services Division. Position- 3.00 Conference, Audio Visual Techs, 2.00 Remote Meeting Coordinators (aggregate), 2.00 Network Administrators, and 2.00 Interim Committee Secretary Pool (aggregate). (All Full-Time/Permanent), a total general fund increase of \$655,377 in FY 2024 and \$643,005 in FY 2025.

**3.00 FTE - Conference Center Support:** During the 67<sup>th</sup> Legislative Session, funds were allocated (HB 632) to provide conference center support for meetings within the Capitol. This was essential as meeting support has required much more support to conduct hybrid meetings. The existing modified positions have proven to be highly successful in support of legislative meetings and other meetings held by outside agencies such as the Governor's office, the Fish, Wildlife and Parks Commission, and Office of Public Instruction. Creating permanent positions ensures that these well trained and well qualified staff will maintain employment with LSD and not search for more "permanent" work.

**2.00 Remote Meeting Coordinators (Aggregate):** The 2020 Interim and 2021 session saw the introduction of remote participation by legislators, public, and staff. This service will continue, as will the need for remote meeting managers and coordinators and requires permanent FTE.

**2.00 Network Administrators:** 2.00 permanent network administrators are necessary for network support, help desk support, and increased workload due to the increase in legislative needs, and the increase in software and hardware maintenance and upgrade requirements.

**2.00 Interim Committee Secretary Pool (Aggregate):** HB 497 established 7 new interim budget committees. LSD is requesting 2.00 FTE (aggregate) to provide secretarial support to these statutory committees. This proposal is for additional Interim Budget Committee meeting administration. Support and coordination with interim policy committees, on areas including public safety committees, health and human services, and local government committees, on data and fiscal analysis.

#### **NP - 15 - Stabilize Leg Staff- Competitive Pay Plan -**

The Legislative Branch is requesting base pay adjustments to stabilize legislative staff with competitive pay. This proposal for the Legislative Services Division is a total general fund increase of \$1 in FY 2024 and \$1 in FY 2025. This is a placeholder to be updated during the legislative session.

Growth in market pay rates for professional and business services occupations has exceeded inflation and statewide wage growth. The Legislative Branch requests a base pay adjustment to accommodate this change in the economic environment. The Legislative Branch requests base pay adjustment to stabilize legislative staff with competitive pay. Growth in market pay rates for professional and business services occupations has exceeded inflation and statewide wage growth. The Legislative Branch requests a base pay adjustment to accommodate this change in the economic environment. In preparation for session, additional market research will be conducted this fall to determine appropriate wages for the 2025 Biennium by division. This research will include performance-based pay as a factor in determining appropriate pay rates relative to the market.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$253,744	\$0
FY 2025	\$63,743	\$0

#### **NP - 17 - Funding Switch -**

This new proposal is requesting a funding shift from state special revenue to general fund for the production of MCAs (1-11-301, MCA). This equates to a total general fund increase of \$253,744 in FY 2024 and \$63,743 in FY 2025. Conversely, there is a decrease in state special revenues of \$253,744 in FY 2024 and \$63,743 in FY 2025.

State special revenue collections from the sale of Montana Code Annotated and ancillary publications are decreasing because fewer copies are printed and sold. While revenues are decreasing, costs to produce the MCA are not decreasing at the same rate. This results in the need for additional general fund to produce these texts. When this issue was presented to the Legislative Council at its August, 2022, meeting, it was determined to no longer be feasible to continue to partially fund personal services using an unpredictable and decreasing funding source.

	<u>General Fund Total</u>	<u>Total Funds</u>

#### **NP - 5 - FTE Request- Cloud Administrators -**

This new proposal is requesting 2.00 FTE for the Office of Legislative Information Technology (Legislative Services Division). Position- 2.00 Cloud Administrators (Full-Time/Permanent), a total general fund increase of \$ 224,804 in FY2024 and \$ 222,359 in FY 2025.

With the Legislative Branch taking on the administration of its own email system for both staff and legislators, these positions are necessary to ensure the continued operation of the branch's primary communications and general business processing applications in the Microsoft Office 365 tenant space. These positions will work in tandem to properly administer Exchange Online email, Teams, and SharePoint, as well as the rest of the regular Office suite of applications. These positions will also be primarily responsible for training, support, and security of the Branch's Microsoft cloud environment.

#### **NP - 6 - FTE Request- Database Administrator -**

This new proposal is requesting 1.00 FTE for the Office of Legislative Information Technology (Legislative Services Division). Position- 1.00 Database Administrator (Full-Time/Permanent), a total general fund increase of \$106,015 in FY 2024 and \$104,768 in FY 2025.

The Legislative Branch's database usage has grown considerably in the past several years, but OLIS' ability to properly administer its database systems has not kept up. Legislative Branch engineers and developers have done a good job staying on top of the various aspects of database management, from patching and updating database server software to creating new databases for various applications, but it's never been done in a deliberate, intentional manner. The growth in our application and data storage needs have gone beyond what an ad hoc approach to database administration can properly support. Small Access and PostgreSQL databases have proliferated to address tactical needs, but with little thought to long-term strategic needs or maintainability. A database administrator would help to coordinate these database systems in an organized and thoughtful manner, with the goals of maintainability, supportability, availability, and recoverability in mind.

This new proposal is requesting 1.00 FTE for the Office of Legislative Information Technology (Legislative Services Division). Position- 1.00 Security Engineer (Full-Time/Permanent), a total general fund increase of \$126,008 in FY 2024 and \$124,838 in FY 2025.

As the Branch continues adopt new technologies to meet business needs, attention to cybersecurity becomes ever more important. To date security responsibilities have been distributed among our existing FTE, but it is not their primary focus. This position allows the Branch to have a security expert that is focused solely on cybersecurity risk management, policy, training and awareness, and enforcement, ensuring our network and systems are secure, protected, and prepared to respond to any security threats.

This new proposal is requesting 2.00 FTE for the Office of Legislative Information Technology (Legislative Services Division). Position- 2.00 Software Engineer (Full-Time/Permanent), a total general fund increase of \$264,056 in FY 2024 and \$261,762 in FY 2025.

Without the dedication of staff to the LAWS II environment, Legislative Branch will continue to rely on the contractors for the changes needed in the LAWS II applications. These FTE will be assigned to LAWS II technology stacks and support of LAWS II applications. This would increase OLIS staff assigned to LAWS II and would allow the Branch to fully take over the knowledge, day to day support, and upgrades. The intent would be that within four years, the Branch would no longer be dependent on the contractor. This is the same model other states have used to move away from the contractor supporting a highly complicated system/applications. This would also save hundreds of thousands of dollars in change orders and augmentation that would be needed to program and troubleshoot issues within the environment.

#### **NP - 9 - FTE Request- Business Analyst -**

This new proposal is requesting 1.00 FTE for the Office of Legislative Information Technology (Legislative Services Division). Position- 1.00 Business Analyst (Full-Time/Permanent), a total general fund increase of \$112,867 in FY 2024 and \$111,646 in FY 2025.

The LAWS II project continues to be the dominant priority for project manager/business analyst staff, with a focus on full implementation of LAWS II applications, and building a support model that includes backups. An additional business analyst/project manager is needed to serve the other areas of the branch, as well as increase support levels for LAWS II. Most areas of support or services have only one business analyst in place. This creates organizational liability if there is turnover and limits the organization's ability to mature applications and services due to being in a "break/fix" mode.

### Legis. Committees & Activities - 21

**Program Description** - The Legislative Committees and Activities program supports the activities of legislators and legislative committees that are conducted during the interim between legislative sessions.

Program expenditures support :

1. The Legislative Council;
2. Interim study activities, as defined in 5-5-202 through 5-5-217, MCA;
3. Cooperative interstate, international, and intergovernmental activities, as outlined in 5-11-303 through 5-11-305, MCA; and
4. Other legislative activities for which appropriations are made.

The legislature adopted the following changes from the 2023 base budget. The General Fund change is an increase for FY 2024 of \$555,458 and a decrease for FY 2025 of \$78,979. Due to the cyclical nature of the legislative interim, an increase in present law funding in the even year is higher. These amounts are comprised mostly of as follows:

1. An increase in all of the interim committee meeting days - Increase GF \$171,000 for the biennium.
  1. Education Interim Committee and State Tribal Interim Committee each holding meetings outside of Helena
  2. Criminal Justice Oversight Council was transferred last biennium from Department of Corrections to Legislative Branch (HB 2)
2. An increase in Legislator Activities (dues, travel, participation) \$165,000

### Fiscal Analysis & Review - 27

**Program Description** - The Legislative Fiscal Division provides the legislature with objective fiscal information and analysis relevant to Montana public policy and budget determination.

Division services include:

1. Fiscal analysis of state government and the furnishing of information bearing upon the financial matters of the state;
2. Identification of ways to effect economy and efficiency in state government;
3. Estimation of revenue and analysis of tax policy;
4. Analysis of the Executive Budget;
5. Compiling and analyzing fiscal information for legislators and legislative committees; and
6. Staffing and support for legislative committees, including the preparation and processing of the appropriation bills for the legislative, judicial, and executive agencies.

The Legislative Finance Committee provides guidance to the Legislative Fiscal Division.

Growth in market pay rates for professional and business services occupations has exceeded inflation and statewide wage growth. The Legislative Branch requests a base pay adjustment to accommodate this change in the economic environment. The Legislative Branch requests base pay adjustment to stabilize legislative staff with competitive pay. Growth in market pay rates for professional and business services occupations has exceeded inflation and statewide wage growth. The Legislative Branch requests a base pay adjustment to accommodate this change in the economic environment. In preparation for session, additional market research will be conducted this fall to determine appropriate wages for the 2025 Biennium by division. This research will include performance-based pay as a factor in determining appropriate pay rates relative to the market.

### Audit & Examination - 28

**Program Description** - The division is the state's independent auditor and a key part of the Legislature's responsibility for strict accountability of public funds. The division's products and services provide legislative and executive managers of the public trust with factual, objective and unbiased information on how state government works and how to make it work better. These products and services include the following:

- Auditing the state's Comprehensive Annual Financial Report and the biennial Federal Single Audit.
- Conducting performance audits to focus on agency or program operations and management, efficiency and effectiveness in delivery of government services, or public policy outcomes and impacts.
- Conducting financial-compliance audits of each state agency at least every two years to assess adherence to accounting principles, compliance with material laws, and internal controls.
- Conducting information systems audits to address the design, operation and maintenance of technology systems and processes, and providing assurances on the quality and reliability of system data.
- Maintaining the state's Hotline for reporting fraud, waste and abuse in state government and conducting work to verify allegations and substantiate reported cases.
- Reporting violations of penal statutes, instances of misfeasance, malfeasance, or nonfeasance, and any instances of apparent criminal violations of the state code of ethics discovered in an audit.
- Auditing records of entities under contract with the state.
- Assisting the Legislature, its committees, and its members by providing information related to the fiscal affairs of state government.

The Legislative Auditor is responsible for managing the division, and appointing and defining the duties of the division's employees. The Legislative Auditor is appointed by the Legislative Audit Committee, a twelve-member, bipartisan, bicameral permanent joint committee of the legislature.

This proposal includes present law changes from the 2023 base budget for the Legislative Audit Division. Present law adjustments include cyclical adjustments for actuarial services and contracted services (Legislative Branch contract audit), other adjustments include for technical training, increased software licensing, and Government Accountability Office Peer Review services.

This proposal also includes a present law adjustment to reduce general fund and state special revenue appropriations for FY 2024 and FY 2025 for the information technology training and Legislative Audit SABHRS support- a decrease in general fund of \$11,600 each fiscal year and \$8,400 in state special revenue funding each fiscal year. During the 2021 Legislature, this appropriation was requested as one-time-only, but was implemented as "base". The Legislative Audit Division is requesting this same appropriation for the 2025 biennium, as a present law adjustment.

## Executive Office Program - 01

**01 Executive Office Program**  
**Chris Heggem 444-3111**

**Program Description** - The Executive Office Program aids the Governor in overseeing and coordinating the activities of the Executive Branch of Montana state government. The program includes the Office of the Lieutenant Governor which is responsible for carrying out duties prescribed by statute established by Article VI, Section 4 of the Montana Constitution, as well as those delegated by the Governor. Statutory authority is Title 2, Chapter 15, part 3, MCA. The program provides administrative, legal, and press support for the Office of the Governor. The Executive Office Program also administers programs with special impact on the citizens and governmental concerns of Montana. Special programs include the Office of Economic Development, which was created to strengthen the foundations of the state's business environment and diversify and expand existing economic endeavors to achieve long-term economic stability and the Office of the Citizens' Advocate.

FY 2025	(\$170,506)	(\$170,506)

#### SWPL - 2 - Fixed Costs -

The request includes a reduction of \$170,505 in FY 2024 and \$170,506 in FY 2025 to the funding required in the budget to pay fixed costs assessed by other agencies within state government for the services they provide. The reduction is mainly the result of consolidating the budget for state information technology services into the Office of Budget and Program Planning. Examples of other fixed costs include liability and property insurance, legislative audit, warrant writer, payroll processing, and others. The rates charged for these services are approved in a separate portion of the budget.

#### NP - 101 - Government Efficiency Initiative -

The 2021 Legislature provided funding for red-tape relief and efficiency initiatives championed by the Governor's Office. This change package requests reapproval of the funding to continue work on these initiatives. The funding is used for 1.00 FTE to assist the Lieutenant Governor in continuing the review and implementation of changes to administrative rules in cabinet agencies. The position will also assist with the directive for a top-down efficiency review of cabinet agencies.

## Ofc Budget & Program Planning - 04

**04 Office of Budget &  
Program Planning  
Ryan Osmundson 444-3616**

**Program Description** - The Office of Budget and Program Planning (OBPP) assists the Governor in preparing the Governor's Executive Budget and administering the state government budget. In addition, the OBPP prepares and monitors revenue estimates and collections, prepares and publishes fiscal notes on proposed legislation and initiatives, and acts as approving authority for operational plan changes, program transfers, and budget amendments in the Executive Branch, in accordance with Title 17, Chapter 7, MCA. The OBPP acts as the lead Executive Branch agency for compliance with the federal Single Audit Act. The office also provides accounting, budgeting, human resource, procurement, safety, and information technology support for the entire Governor's Office.

**20 Mental Disabilities  
Board of Visitors  
Jeremy Hoscheid 444-5278**

**Mental Health  
Ombudsman  
Dennis Nyland 444-9669**

**Program Description** - The Mental Disabilities Board of Visitors is charged with formally reviewing patient care and assisting people who have complaints about services at Montana's licensed mental health centers, community hospital psychiatric units, children's residential treatment programs, and at the state facilities that serve people with mental illnesses and developmental disabilities. The board provides legal services to patients at the Montana State Hospital. The Governor appoints six board members who represent recipients of services and their families, and the mental health and developmental disability professions. The board employs administrative and legal staff and contracts with mental health and developmental disability professionals to carry out its responsibilities for patient representation and facility review. The Mental Disabilities Board of Visitors Program was created by the Developmental Disabilities Act of 1975 and the Mental Commitment and Treatment Act of 1975 and exists as a state mandate.

The Mental Health Ombudsman is statutorily directed to "represent the interests of individuals with regard to need for public mental health services". The office functions with 1.5 FTE responding to statewide requests for service. The Office of the Ombudsman was created by the legislature in 1999 and is appointed by the Governor for a four year term.

## Commissioner of Political Practices - 32020

**Mission Statement** - To monitor and to enforce in a fair and impartial manner: campaign practices and campaign finance disclosure; lobbying disclosure; business interest disclosure of statewide and state district candidates, elected state officials, and state department directors; ethical standards of conduct for legislators, public officers, and state employees; and to investigate legitimate complaints that arise concerning any of the above.

**Statutory Authority** - Title 13, Chapter 37 and Title 2, Chapter 2, MCA.

# Commissioner of Political Practices - 32020

## Administration - 01

**Program Description** - The Commissioner of Political Practices is provided for in 13-37-102, MCA, which was enacted in 1975 as part of a campaign finance and practice law reform package, with duties and responsibilities set forth in Title 13, Chapter 37, part 1, MCA. Additional responsibilities for the office were created through passage of an initiative in 1980 which provided for both lobbying disclosure and disclosure of business interests of elected officials. In 1995 the legislature enacted the code of ethics and assigned to the commissioner the responsibility for administering ethical standards of conduct for legislators, public officers, and state employees.

This request is for \$122,606 in FY 2024 and \$122,269 in FY 2025 to reestablish 1.00 FTE legal counsel for the Commissioner of Political Practices. The legislature established the 1.00 FTE for legal counsel as one-time-only in the 2017 and 2019 biennia with language stating that if the person appointed as Commissioner of Political Practices was an attorney, the appropriation was void. The appointed Commissioner was not an attorney, so the position was funded as OTO. COPP is requesting the position as ongoing in its 2025 budget request as the position and need are ongoing.

## Insurance - 03

**Program Description** - The Insurance Division regulates the insurance industry in Montana. The Policyholder Services Bureau is responsible for resolving insurance consumer inquiries and complaints involving agents, coverage, and companies. The Examinations Bureau is responsible for monitoring the financial solvency of insurance companies, collecting premium taxes and company fees, and auditing insurance company annual statements. Also housed in this bureau is the captive insurance program, which promotes Montana as a captive domicile and regulates captive insurers in the state. The Rates Bureau and the Forms Bureau are responsible for reviewing rate and form filings, respectively, to ensure compliance with the applicable insurance code. The Insurance Services Bureau is responsible for licensing and providing continuing education to insurance agents, agencies, and adjustors. The Legal Bureau, which serves both the Insurance and Securities Divisions, provides legal support to the divisions. The Investigations Bureau, which is under the Legal Bureau, investigates code and rule violations, including possible criminal violations, and recommends referral of cases to county attorneys for prosecution.

FY 2024	\$0	\$220,000
FY 2025	\$0	\$320,000

#### **PL - 2 - Exams Bureau -**

Per the direction of 33-1-401(1), MCA, the commissioner shall examine each authorized insurer not less frequently than every 5 years. Section 33-1-408(4), MCA, allows the commissioner to retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialist as examiners. The amount of funding required per fiscal year to retain contracted services is a function of the examination schedule established by the commissioner.

The year-to-year funding requirement can fluctuate significantly based on the number of companies to be examined and the size and complexity of those companies. This request is for \$220,000 in FY 2024 and \$320,000 in FY 2025 for a total of \$540,000 in the 2025 Biennium. The contract payments will be from state special revenue and are reimbursed to the agency from the company being examined.

FY 2025	\$0	\$1,000,000

#### **PL - 3 - Market Conduct Exams -**

The State Auditor's Office will contract to complete market conduct exams of regulated insurance companies. This request is for \$1 million in FY 2024 and FY 2025 for a total of \$2 million in the biennium. Section 33-1-408(4), MCA, allows that upon determining that an examination should be conducted, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners. The cost of retaining the personnel must be paid by the company that is the subject of the examination.

The amount of funding required per fiscal year to retain contracted services is a function of the examination schedule established by the commissioner and planning for unforeseen examinations required to address emerging market conduct issues. The year-to-year funding requirement can fluctuate significantly based on the number of companies to be examined, the size and scope of the examinations, and complexity of the company being examined.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	\$50,000
FY 2025	\$0	\$150,000

#### **PL - 4 - Captive Regulatory Fund -**

The requested budget increase is reflective of the passage of SB 76 in the 2021 Legislative Session. SB 76 increased the percentage of captive insurance company premium tax that is retained to regulate and promote captive insurance in Montana. SB 76 increased the amount retained by the State Auditor's Office from 5% of premium tax collected to 20% of premium tax. In FY 2024, the anticipated collection amount increases by \$50,000. In FY 2025, the anticipated collection amount increases by \$150,000. This request of for a total of \$200,000 for the 2025 Biennium.

#### PL - 1 - Case Management Software - Biennial -

Currently, the Securities Division does not have access to case management software. Instead, the department utilizes the network shared drive to store files for all securities-related inquiries, examinations, and investigations. Case management software would allow the department to centralize, standardize, and efficiently track and all data captured within the department.

A case management system would also help the division better serve more Montana consumers who may have been harmed by unscrupulous brokers. Costs for the system would be partially offset by increased revenue from anticipated increases in fee and fine revenue as a result of a more efficient system. The Office of the Montana State Auditor is responsible for the oversight of approximately 1,300 broker/dealer firms, 1,000 investment advisor firms, 110,000 securities salespersons and investment adviser representatives, and 38,000 issuers. The estimated cost of the case management system is \$100,000 and is requested as a biennial appropriation.

### Directors Office - 01

**Program Description** - The Director's Office (DO) supports the agency's director and is comprised of the following offices:

The Financial Services Office manages the department's centralized accounting, budgeting, and asset management functions.

The Citizen Outreach Office communicates with internal and external stakeholders and is responsible for media relations, digital communications, design and branding, public education and outreach, and training and employee development. In addition, this office oversees the department's call center, e-Stop business licensing and unclaimed property distribution.

The Taxpayer Advocate works independently from the department's divisions to ensure citizens have an impartial advocate to hear their concerns and questions.

The Executive Office provides administrative support services for the work units within the Director's Office.

The Human Resources Office manages organization and workforce development, policy and practice interpretation, employee and labor relations, staffing, employment law, performance reviews, and compensation.

The Legal Services Office supervises the overall legal efforts of the department, including rules, policies, and bankruptcy.

The Office of Dispute Resolution independently hears and/or mediates cases between the department and taxpayers, liquor licensees and other members of the public. The office provides an accessible, cost-effective means for taxpayers and licensees to appeal agency determinations or proposed department actions.

The Procurement, Contracts, and Facilities Office manages the planning, procurement, contract negotiation, creation, and execution, performance measurement, contract resolution and invoice verification for the department.

The Tax Policy and Research Office provides accurate and timely information for the Governor, the Legislature, and Montana citizens. This includes the compilation of basic tax data and the publication of the statutory Biennial Report.

#### **NP - 13 - TSD Staff overtime for GenTax upgrade (RST/BIEN) -**

This change package requests \$100,000 in restricted general fund appropriation for the 2025 biennium. FAST Enterprises, the state's tax processing software (GenTax) vendor, requires the department to upgrade to the newest version of GenTax every other biennium. Typically, the department's information technology staff work overtime hours in order to move this upgrade to production. Also, FAST Enterprises create periodic service packs that require the department's information technology staff to work overtime hours. The department is asking for this appropriation to be restricted so the department can only spend the appropriation on costs related to personal services overtime in the Technology Services Division.

The department is requesting proprietary fund appropriation of \$150,000 for the 2025 biennium. These funds are necessary to pay for overtime and temporary staff to meet the increase in demand for liquor products especially during peak periods, holiday weeks, and to back-fill personnel while out on vacation or sick leave. Given the budget rules related to overtime and temporary employee expenditures, it must be requested each legislative session.

#### **NP - 16 - ABCD Termination Payout (RST/BIEN) -**

The department is requesting a proprietary fund appropriation of \$120,000 for the 2025 biennium. This request is to provide funds to payout accrued leave balances for employee's retiring and/or leaving the department. This request allows the department to efficiently distribute alcoholic beverages to the agency liquor stores and comply with the statutory requirement of 16-2-101(12), MCA, requiring the department to maintain a 97% monthly service level to the agency stores. If the department is required to use additional vacancy savings to pay for the termination payouts, the department will not be able to meet this statutory requirement.

#### **NP - 18 - Liquor FTE for increased workload -**

This is a request for proprietary fund appropriation in the 2025 biennium for additional staffing needs in the Alcohol Beverage Control Division (ABCD) and Business and Income Taxes (BIT) Division related to the management of the program. Increased alcohol sales and the expansion of the liquor warehouse have resulted in an increase in the workload for the liquor warehouse and a corresponding increase in tax administration functions related to increased liquor sales. Of the \$474,892 requested, \$298,096 is requested in ABCD, and \$176,796 is requested for BIT. The Department of Revenue has maintained 31.75 FTE in the proprietary fund for several biennia. For the 2025 biennium, ABCD is requesting an additional 2.00 FTE. With the increased demand for alcoholic beverages, and with the expansion of the liquor warehouse, ABCD needs the extra FTE to handle the increased workload to meet statutory deadlines.

#### **PL - 5 - CCD Contract Increase (RST) -**

The Department of Revenue, Cannabis Control Division, is requesting an appropriation of \$2,750,800 for the 2025 biennium to pay for the seed-to-sale industry IT regulatory system. The department is responsible for paying a variety of fees including program and support fees and annual cloud hosting fees. Some fees are based on the number of cannabis licensees, and it is unknown how many licensees will enter the recreational cannabis market beginning July 1, 2023. The Department of Revenue requests this appropriation be restricted so the department can only spend the appropriation on costs related to the system.

### Information Mgmt & Collections - 05

**Program Description** - The Information Management and Collections Division (IMCD) provides consistent service to Montana citizens, businesses, and nonresident taxpayers through electronic data and records management, account registration, collection of delinquent accounts, and data and remittance processing operations.

The Collections Bureau manages collections of the department's delinquent debts and provides collection services to other state agencies and local governments.

The Information Management Bureau ensures secure handling and processing of taxpayer information, payments, and data in electronic and paper form. The bureau is organized into three units: Digitization, Information Governance, and Customer and Payment Management. The focus of the Bureau has recently realigned to better serve the customer with increased electronic options and use of technology to further enhance efficiencies.

The Other Agency Debts Program provides statewide collections services to other state agencies, local governments, universities, and colleges.

### Business & Income Taxes Div - 07

**Program Description** - The Business and Income Taxes Division (BITD) is responsible for the administration of and collection of roughly 40 Montana taxes and fees. BITD also determines valuation of all centrally assessed property in the state.

Regardless of the tax type, BITD is tasked with ensuring Montana's taxpayers pay the correct amount of tax required under the law, no more and no less. Accordingly, BITD provides clear and timely explanations to taxpayers regarding their obligations and how those obligations may be fulfilled.

BITD is comprised of the following four areas: Administration; Analytics and Planning; Income and Withholding; and Business Tax and Valuation. The administrative group includes the administrator and deputy division administrator along with a management officer and support staff. The management officer and staff work collaboratively with all BITD units and are an integral part of the division's daily operations.

The Analytics and Planning Bureau houses management analysts and tax specialists. These employees are essential to the division's compliance efforts and forms and rule development. The bureau is also tasked with finding and implementing efficiencies within BITD's operations.

The Income and Withholding Tax Bureau is responsible for the daily management and administration of individual, pass-through entity, and withholding taxes. The bureau is organized into five units: Compliance, Pass-through, Field Audit, Taxpayer Accounting, and Withholding.

The Business Tax and Valuation Bureau is responsible for the daily management and administration of over 25 tax programs. Four units make up the bureau including Natural Resources, Corporation Tax, Miscellaneous Tax, and Centrally Assessed Property.

#### PL - 6 - BIT Contract for UCP Stocks -

The Department of Revenue is requesting additional general fund appropriation authority of \$60,000 in the 2025 biennium to pay its contracted financial manager of unclaimed property securities. The contractor is responsible for maintaining the state's current securities assets and facilitates the delivery, collection, and sales of reported unclaimed securities. The state's contract spans several years, and the contractor retains all the department's historical data regarding unclaimed property securities. Multiple transaction fee amounts are set forth in the initial contract and are charged to the state on a "per transaction" basis. Due to an expected increase in the number of transactions during the 2025 biennium, the department will need additional appropriation authority. The department's estimate of the additional 2025 biennial appropriation authority needed to pay the contractor is \$60,000.

#### NP - 18 - Liquor FTE for increased workload -

This is a request for \$467,605 in proprietary funds in the 2025 biennium for additional staffing needs in the Alcohol Beverage Control Division (ABCD) and Business and Income Taxes (BIT) Division related to the management of the program. Increased alcohol sales have resulted in an increase in the workload for the liquor warehouse corresponding increase in tax administration functions related to increased liquor sales. Of the \$467,605 requested, \$290,809 relates to ABCD, and \$176,796 relates to BIT. An additional 1.00 FTE is requested for BIT. With the increased caseload, BIT needs another position to perform tax administration functions related to increased liquor sales.

### Property Assessment Division - 08

**Program Description** - The Property Assessment Division (PAD) administers Montana's property tax laws, which includes the valuation and classification of all taxable property. The division ensures all classes of property are valued uniformly and equally throughout the state. These classifications include but are not limited to agricultural and forest land, residential and commercial property, industrial facilities, exempt properties, and business equipment personal property.

PAD provides every taxing jurisdiction with the total market and taxable value of property in each county. Local governments use these certified values to determine the number of mills necessary to levy for property tax billing. Funds collected from property taxes are used for important services such as public schools, law enforcement, ambulance services, special improvement districts, infrastructure improvements, and road construction and maintenance.

#### **PL - 4 - PAD FTE 1.0 for loss of County Assessor -**

This request is for 1.00 FTE and an additional \$45,528 in the 2025 biennium to complete the Silver Bow County Assessor's workload. In FY 2022, the Department of Revenue terminated its existing contract with Silver Bow County. The laws regarding elected assessors were changed in 1993 to phase-out elected assessors and move their duties under the Department of Revenue's Property Assessment Division. HB 50 was the bill that passed making these changes to statute. The bill allowed current assessors to remain in their positions until they chose to step down, retire, or voluntarily become a department employee. The Silver Bow County Assessor is the last remaining elected assessor in the state that was performing duties under a contract. Per HB 50, the department had a contract with the assessor that described the duties that would need to be performed in order to receive the compensation. The department was paying Silver Bow County approximately \$54,000 each fiscal year to perform the county assessor's job duties. Because of the termination of the Silver Bow County Assessor contract and the state's responsibility to administer Montana's property tax laws, the department requires an FTE to perform the assessor's job duties. This position will be in the department's Butte field office.

## Department of Administration - 61010

### Directors Office - 01

**Program Description** - The Director's Office provides overall leadership and management support to the Department of Administration's divisions and offers administrative support to attached boards and commissions. The office acts as a liaison among the agency's divisions, administratively-attached boards and commissions, the cabinet, the legislature, and the Governor's Office.

The Director's Office has 2.50 FTE funded through HB 2 and 21.51 FTE funded by the revenues generated from the internal fees charged to the Department of Administration's divisions and its attached-to agencies. These FTE provide services in the areas of legal, human resources, financial management, project management and communications.

- The Office of Legal Services advises the divisions on legal matters.
- The staff of the Office of Human Resources partner with DOA leadership and employees to enhance agency performance through strategic human resource programs and effective administrative processes (e.g., payroll administration, talent acquisition, policy development, etc.).
- The Office of Finance and Budget prepares and presents the biennial budget, processes budget change documents, monitors approved budgets for compliance with state law and legislative intent, and provides accounting assistance.
- The Office of Program and Information Management provides communication and project management services.

The customers served are internal to the department and its attached-to agencies.

#### **NP - 108 - Establish Office of Public Information Requests -**

The Office of Public Information Requests (OPIR) will provide support and assist agencies' efforts on record requests submitted by:

- Establishing common policies, standards, and procedures for handling public information requests
- Providing centralized intake and initial response to agency record requests
- Developing a cost estimate for records requests
- Collecting and allocating costs paid by requester
- Tracking record request status
- Coordinating with the requester
- Searching information technology systems maintained primarily by the State Information Technology Services Division (SITSD)
- Providing primary legal review and response
- Coordinating with the agency and the Governor's Office on responses
- Providing a centralized output to requester
- Creating reports or dashboards about record requests
- Recommending potential enterprise-wide tools for searching, classifying, and identifying data as confidential or privileged, and assisting in record request litigation

Agencies will support the Office of Public Information Requests' efforts by gathering records and information not readily available to the Department of Administration, advising on agencies' mission-specific issues and legal constraints, providing final review of record requests prior to fulfillment, providing primary public relations/media response, assisting in record request litigation, including advising on the need to file a declaratory judgment action or obtain outside legal support, and reimbursing any SITSD fees associated with completing a record request that are not paid by the requester.

### State Financial Services Div - 03

**Program Description** - The State Financial Services Division performs many centralized functions and administers state and federal programs to state agencies, local government entities, and Montana citizens and businesses. The division consists of four bureaus – Statewide Accounting, State Procurement, SABHRS Financial Services Technology, and Local Government Services, which includes the State Social Security Administrator. The Division Strategies and Solutions Team (DSST) provides resources at the division level and focuses on operational business strategies and technology solutions to support division-wide initiatives.

The Statewide Accounting Bureau (SAB) serves as the process owner for the financial modules within the Statewide Accounting Budgeting & Human Resources System (SABHRS), assists state agencies in operating SABHRS, and maintains a statewide accounting structure with related policies and procedures for all state agencies and branches of government to satisfy reporting requirements. The state financial reporting section prepares and publishes the state's annual comprehensive financial report (ACFR) and serves as the subject matter experts for accounting within the state. The Daily Operations Section includes both the Treasury and Warrant Writer Units. The Treasury provides central banking functions for the state, reconciles the state's banking activity/movement of cash, and manages bank contracts. The Treasury and the Board of Investments (BOI) work jointly to manage the State of Montana's cash effectively. The Warrant Writer responsibilities include management of statewide vendor files, payment processes, and issuance of IRS 1099 MISC and IRS 1042 forms to entities that serve the state.

The Local Government Services Bureau (LGSB) works with local governments (counties, cities, towns, school districts, and special districts) to support uniform financial accountability and to assist the local governments in complying with their statutory, financial, and budgetary reporting requirements, including provisions of the Montana Single Audit Act. LGSB receives and makes the local government financial, budget, and audit reports available to the public. The State Social Security Administrator is responsible for administering Section 218 of the Social Security Act by providing education and outreach and ensuring proper application of Social Security coverage to all state and local government employees.

The SABHRS Financial Services Technology Bureau (FSTB) provides system analysis, support, configuration, development, and maintenance of the state's enterprise accounting and budgeting systems. The bureau also manages system architecture and provides database administration for the entire SABHRS application. FSTB partners with the Statewide Accounting Bureau, Governor's Office of Budget and Program Planning, Legislative Fiscal Division, and the State Human Resources Division to gather business requirements and develop application strategies. In addition, the FSTB supports the electronic Montana Acquisition and Contracting System (eMACS).

The State Procurement Bureau (SPB) provides professional procurement services to all state agencies for the acquisition of supplies and services. SPB advocates for compliance with all state statutes and procurement requirements, establishes statewide contracts for commonly used goods and services, manages the state's fuel and procurement card programs,

## Department of Administration - 61010

### State Financial Services Div - 03

and offers procurement and contract management training to state agencies. Also, the SPB promotes compliance with the Montana Procurement Act (MCA Title 18-4) and is the business process owner of the eMACS. The SPB strives to assist the state in receiving the maximum value for taxpayer dollars.

FY 2024	\$0	\$30,000
FY 2025	\$0	\$30,000

#### **PL - 1401 - DBFI Differential Pay -**

The Banking and Financial Institutions Division (DBFI) is requesting \$30,000 in FY 2024 and FY 2025 for differential pay in personal services. In an effort to reduce examiner turnover and decrease the travel expense budget, the division strives to reduce the amount of time an examiner is in travel status. To reduce examiner turnover, DBFI has developed a system to provide situational pay for its examiners who spend a significant amount of time in a travel status. Eligible travel includes financial institution examinations, in-state meetings and conferences, and out-of-state training if approved by the commissioner or deputy commissioner. This situational pay is reviewed and certified by DBFI's senior management, paid as a one-time, lump-sum payment the following calendar year, and does not affect base pay.

FY 2024	\$0	\$22,795
FY 2025	\$0	\$22,795

#### **PL - 4 - Allocate Department Indirect/Administrative Costs -**

This change package includes adjustments in FY 2024 and FY 2025 to provide the funding to pay the Department of Administration's (DOA) indirect costs. These costs are charged to the department's programs for services provided by DOA employees, including accounting, human resources, and legal issues.

#### -----New Proposals-----

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	\$194,755
FY 2025	\$0	\$194,552

#### **NP - 1402 - IT Examination -**

The division currently regulates 38 state-chartered banks and 10 state-chartered credit unions which maintain total assets in excess of \$66 billion. Additionally, the division licenses mortgage loan servicers that hold a total portfolio of 85,000 residential mortgage loans with a total unpaid principal balance of almost \$19 billion.

The division has only one IT examiner and is seeking an appropriation for the salary and benefits of 2.00 FTE IT examiners. IT examiners are in very high demand by the federal regulatory agencies and private institutions due to increasing cybersecurity risks.

Cyber incidents can include financial, operational, legal, compliance, strategic, and reputation risks resulting from fraud, data loss, or disruption of service. The increasing number and sophistication of cyber incidents affect financial institutions of all sizes, and remediation of cyber incidents can be costly.

### Montana State Lottery - 15

**Program Description** - The Montana State Lottery was created in November 1986 by a referendum vote of the people of Montana. The general purpose is to allow lottery games for purchase from the state, through the administration of the lottery, a chance to win a prize. A five-member Lottery Commission, appointed by the Governor, sets policy and oversees program activities and procedures. Lottery's operations are accounted for in an enterprise fund. Starting in fiscal year 2020, the Lottery is required to transfer the first \$500,000 of net revenue to the STEM scholarship program. The transfer to the STEM scholarship program is scheduled to increase each fiscal year: \$1 million in 2021, \$1.5 million in 2022, \$2 million in 2023, and capping at \$2.25 million in 2024 and in subsequent fiscal years. Net revenue is transferred to the STEM Scholarship program in quarterly payments, and any additional revenue is placed in the general fund. The Montana State Lottery is attached to the Department of Administration for administrative purposes only.

#### **NP - 1502 - Change .25 Modified position to Permanent -**

The Montana Lottery requests a .25 FTE for the Sports Betting Coordinator to support the increased retailer population and product growth experienced by the agency. In just two years since its start, the sports wagering product now makes up on average 38% of the agency's total sales. With total revenue in fiscal year 2021 equaling \$41.5 million, and this year's revenue increasing beyond \$43 million, the product growth requires full-time staff support. This position's current part-time status is not able to keep up with the demanding day-to-day requirements, which include addressing retailer issues, player inquiries, and coordinating daily sports bet product advertising.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	\$109,297

#### **NP - 1503 - Additional Sales Representative -**

The Montana Lottery requests an additional Lottery Sales Representative to support the increased retailer population and product growth experienced by the agency. With the addition of the sports wagering product, the retailer base has increased by 24% since fiscal year 2020, which has over-extended the agency's existing staff. Montana Lottery is in the process of increasing the number of sales representatives in order to address the agency's day to day sales strategies with current retailers and recruit new retailers.

### Montana Tax Appeal Board - 37

**Program Description** - The Montana Tax Appeal Board (MTAB) was established by the authority granted in Article VIII, Section 7 of the Montana Constitution and operates under statutes found in 15-2-101, MCA. MTAB is an administrative court independent of the Montana Department of Revenue. The board consists of three members, who hear appeals as full-time state employees, with two support staff. Board members are appointed by the Governor to rotating six-year terms and are subject to legislative confirmation after a hearing before the Senate Taxation Committee and a recorded vote of the full Montana Senate.

MTAB executes the only state tax appeal system for citizens to dispute any action of the Montana Department of Revenue or other state agencies with taxing authority. It is the only fact-finding court of record in tax disputes, and holds formal hearings in cases to resolve disputes through written opinions which can be appealed to Montana District Courts. The board hears appeals from decisions of the 56 county tax appeal boards, primarily involving residential and commercial property valuation and classification. It also takes original jurisdiction cases in matters involving income taxes, corporate taxes, severance taxes, centrally-assessed property, new industry property, motor fuels taxes, vehicle taxes, and cabin site leases.

The duties of the board also include funding, administering, and training the County Tax Appeal Boards required by the Montana Constitution. The Montana Tax Appeal Board trains and supports the 56 County Tax Appeal Boards, reimbursing counties for expenses associated with the county tax appeal function. Specifically, secretary wages, office supplies, and mileage/per diem for county board members are reimbursed from the MTAB budget approved by the legislature.

### Business M T - 51

**Program Description** - The mission of the Business MT Division is to facilitate a business environment that strengthens the economy, supports business growth and shared community prosperity, aids in job creation and retention, supports existing companies, and strengthens communities. Business MT's programs aim to support businesses through trainings and counseling, technical assistance, access to grants and loans, and to foster new markets and business opportunities domestically and internationally. Through dynamic partnerships and innovative collaborations with companies, universities, tribes, not-for-profit organizations, and government leaders, and the use of proactive incentives and communication, we are building an economic environment that supports business growth and shared community prosperity.

The Division is funded by House Bill 2 and statutory appropriations. The programs work collaboratively with several state and local partnerships to promote economic development:

- Business Assistance (Business Loans and Grants)
- Export and International Trade
- Indian Country Economic Development
- Small Business Development Centers
- Regional Economic Development
- Montana Manufacturing Centers

FY 2025	\$36,934	(\$319,172)

#### SWPL - 1 - Personal Services -

The budget includes a reduction of \$327,243 in FY 2024 and a reduction of \$319,172 in FY 2025 to annualize various personal services costs including FY 2023 statewide pay plan, benefit rate adjustments, longevity adjustments related to incumbents in each position at the time of the snapshot, and vacancy savings.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$16,782	\$23,113
FY 2025	\$11,693	\$15,570

#### SWPL - 2 - Fixed Costs -

The request includes an increase of \$23,113 in FY 2024 and an increase of \$15,570 in FY 2025 to provide the funding required in the budget to pay fixed costs assessed by other agencies within state government for the services they provide. Examples of fixed costs include liability and property insurance, legislative audit, warrant writer, payroll processing, and others. The rates charged for these services are approved in a separate portion of the budget.

FY 2025	\$43,675	\$90,787

#### **PL - 5109 - BUSMT ADMINISTRATIVE COSTS ADJUSTMENT -**

This request includes adjustments for non-state rent increases per the terms of the negotiated lease; travel costs due the increased costs of fuel, lodging, etc.; anticipated private funds to be received as a result of more public/private partnerships; and indirect costs paid to the Director's Office for support services provided to supported divisions, bureaus, and programs.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	\$100,000
FY 2025	\$0	\$100,000

#### **PL - 5110 - BUSMT Re-establish Made in Montana Appropriation (BIEN) -**

This request is to re-establish the biennial appropriation for \$200,000 for the Made in Montana program as intended in HB 660 that was passed in the 67th Legislature.

#### -----New Proposals-----

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$875,000	\$875,000
FY 2025	\$875,000	\$875,000

#### **NP - 5104 - BUSMT INDIAN COUNTRY ECONOMIC DEVELOPMENT HB2 -**

This change package is to re-establish the funding for the Indian Country Economic Development (ICED) program at the same level of funding that was approved for the prior biennium. Sections 90-1-105 (1)(7) & 90-1-132, MCA, establish the agency's responsibility to develop and advance economic prosperity and employment with tribal nations in Montana by fostering the expansion of business, manufacturing, tourism, agriculture, and community development programs. The ICED program provides resources and technical assistance to tribal governments, tribal economic development organizations, and Indian entrepreneurs to accelerate economic development in Indian communities. ICED provides small equity grants, business advisory host funds, and tribal government business planning resources. Funding is distributed to the eight tribal nations, tribal economic development organizations, and tribal member businesses. This new proposal requests a base level appropriation from the general fund of \$875,000 in each year of the 2025 biennium.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$250,000	\$250,000
FY 2025	\$250,000	\$250,000

#### **NP - 5107 - BUSMT INCREASE MMEC FUNDING HB2 -**

This new proposal requests a general fund appropriation of \$250,000 in each year of the biennium for the Montana Manufacturing Extension Center (MMEC). This would augment the current statutory funding level of \$500,000 per year provided in 15-35-108, MCA. The National Institute of Standards and Technology, Manufacturing Extension Partnership (NIST-MEP) partially funds a Manufacturing Extension Partnership in each state and Puerto Rico. The MMEC has been the MEP in Montana since 1996. MMEC, located in MSU's College of Engineering, has been providing technical hands-on assistance to Montana's small and medium manufacturers in the areas of growth, innovation, efficiency, and resiliency since 1996. The MMEC, a public-private partnership, has always tried to maintain a 1/3-1/3-1/3 model as recommended by the NIST-MEP. In this model, the federal government provides 1/3 of the MMEC budget, the state government provides 1/3 of the budget and MMEC's clients provide the remaining 1/3. MMEC currently has 6 field engineers/business advisors that provide technical assistance to Montana's small to medium manufacturers throughout the state. MMEC's Field Engineers complete approximately 60 projects per year with small to medium manufacturers in Montana. With the additional state funding, two additional field engineers would be hired and MMEC would be able to complete approximately 90 projects per year with small to medium manufacturers in Montana.

This new proposal requests to establish 1.00 FTE to manage the program established in 22-3-1307, MCA, for Montana Historic Preservation Grant (MHPG) Program. The purpose of the MHPG Program is to fund historic preservation projects that stimulate economic activity and protect Montana's heritage. Since the 2019 Legislature passed SB 338, there has been high demand for program services. The FTE will continue delivering technical assistance to help applicants develop and implement successful projects and provide staff support to the legislature as they make decisions. Without funding, Commerce cannot maintain the staff and operations needed to implement MHPG as designed by the legislature. The original program funding provided operating funding and allowed for a modified FTE to be requested. The FTE was approved OTO during the 2021 legislative session and is requested to become a permanent position.

#### **NP - 6002 - CMT EXPAND COMMUNITY TECHNICAL ASSISTANCE HB2 -**

This new proposal requests 2.0 FTE and operating funds for consulting professional services for the Community Technical Assistance (CTAP) program. The program is charged with helping local governments plan for "orderly, productive, and coordinated development" with "particular attention to the planning and financing of public facilities and to the problems of metropolitan, suburban, and other areas in which economic and population factors are rapidly changing" (90-1-103, MCA). The staffing and funding would assist Montana communities with housing and infrastructure issues that are not keeping pace with population growth and needed economic development in a similar manner to the assistance provided to local governments for ARPA water and sewer grants. The current program staffing is 2.18 FTE. Passage of this change package would result in 4.18 FTE and double the consulting budget from \$170K to \$340K, which would result in assisting an estimated 28 additional communities.

### Housing M T - 74

**Program Description** - The Department of Commerce Housing Division, conducting business and known in the community as Montana Housing, strengthens our vibrant communities by supporting access to safe, affordable and sustainable homes for Montanans whose housing needs are not met by the market.

Montana Housing is comprised of three component units:

- **Board of Housing**, Montana's statewide Housing Finance Agency (HFA) created under the Montana [Housing Act of 1975](#), is [administratively attached](#) to the Department of Commerce. The Board of Housing is funded by enterprise funds with revenues derived from an administrative charge applied to projects and mortgages financed; the Board does not receive any general fund and is completely self-supporting.
- **Rental Assistance Bureau**, Montana's statewide Public Housing Authority (PHA), is charged with the administration of various federally funded U.S. Department of Housing and Urban Development (HUD) programs. All Rental Assistance Bureau programs are funded by enterprise funds with revenues derived under HUD administrative fees and performance based contracts.
- **Community Housing** administers HUD Community Planning and Development (CPD) programs for the production and preservation of affordable homes. Community Housing administers federal funds and state special revenue account programs appropriated via HB 2.

Montana Housing responsibilities are mandated primarily in Title 2, Chapter 15, Part 18; Title 90, Chapter 1 Part 1; Title 90, Chapter 6, Parts 1, 5, 6; Governor Executive Orders 2-87 and 27-81; 24 CFR Parts 5, 91, 93, 245, 570, 792, 813, 882, 887, 891, 982 and 984.

### Board of Horse Racing - 78

**78 Board of  
Horse Racing  
Gary Koeplin 841-2725**

**Program Description** - The Montana Board of Horse Racing originated in 1965 through the legislative process. The stated purpose is to regulate and monitor horse racing in the state of Montana. Over the course of 57 years the role has modified and grown. The Board continues to regulate and monitor but it now also offers support and guidance. The growth and prosperity of Montana's storied Horse Racing industry is the ultimate goal.

The Board of Horse Racing is appropriated through HB 2 and statutory appropriations, and funded by revenue derived from licenses and fees, as well as the collection of a percentage of wagering on live and remote racing events.

The program work is mandated in Title 2, Chapter 15, and Title 23, Chapter 4, MCA.

### Montana Heritage Commission - 80

#### 80 Heritage Preservation & Development Commission Elijah Allen 843-5247

**Program Description** - In 1997, the 55th Montana Legislature established the Montana Heritage Preservation and Development Commission (MHC) to acquire and manage historic properties for the State of Montana. This legislation approved the purchase of Virginia and Nevada City which comprised 248 buildings, 1.2 million Americana artifacts residing on 260 acres. These large historic town sites were the first properties managed by the MHC.

Since 1997, the Montana Board of Land Commissioners approved two additional acquisitions of historic Reeder's Alley and the Pioneer Cabin in Helena. Reeder's Alley was received through a private donation on November 19, 2001. The Pioneer Cabin at the front of Reeder's Alley was received from a private donation on June 19, 2006.

The Montana legislature authorizes MHC to care for heritage resources "in a manner that protects the properties and encourages economic independence" (MCA 22-3-1001). Our statutory purpose is to acquire and manage, on behalf of the state, properties that possess outstanding historical value, display exceptional qualities worth preserving, and are genuinely representative of the state's culture and history. MHC has worked hard to expand the economic and revenue generating uses for our state buildings. MHC is responsible for the management and economic use of these historic properties including; building improvements, structural stabilization, site maintenance, artifact conservation, and protection of diverse historic features. MHC serves as a resource for the public and professionals interested in learning more about Montana history, historic building preservation, and archaeology, conservation of artifacts, education, living history, and historic site management.

### Directors Office - 81

#### Program Description - Director's Office:

The Director's Office at the Montana Department of Commerce Leads the Department's mission of economic and community development of the State and provides effective and efficient customer service to the Department's programs and professionals. Services are provided by the Offices of Accounting and Budget, Legal Affairs, Human Resources, Information Technology, and Research.

The Director's Office builds relationships with private business, local governments, administratively attached boards, public, private, non-profit interest groups, the legislature, Indian tribes, individuals, other governmental agencies, the U.S. Census Bureau, the Governor's Office, and other key stakeholders.

In additions the Director's Office provides the critical central services to the agency and administratively attached boards and commissions as every division, bureau, and program in the agency uses the services in the Director's Office in some capacity.

The Director's Office responsibilities are mandated primarily in Title 2, Chapter 15 and Title 90, Chapter 1, MCA.

#### Montana Council on Developmental Disabilities (MCDD):

The Montana Council on Developmental Disabilities is a citizen-based advocacy group. Its members, appointed by the Governor, work to provide increased independence, integration and productivity for persons with developmental disabilities.

The Council administers federal funds in three major areas; 1) assistance in the provision of comprehensive services to persons with developmental disabilities; 2) assistance to the state in appropriate planning activities; and 3) contracting with public and private agencies to establish model programs, demonstrate innovative habilitation techniques and to train professional and paraprofessional personnel in providing services to persons with developmental disabilities.

MCDD responsibilities are mandated primarily in Title 53, Chapter 20, MCA.

## Workforce Services Division - 01

**Program Description** - The Workforce Services Division (WSD) serves Montana workers and employers by fostering a highly-skilled, trained, employment-ready workforce and connecting workers with employment and job training opportunities. The Division engages with employers and industries to understand and address future workforce needs. WSD operates 17 Job Service Offices (JSOs) across Montana tasked with working with individual job seekers to identify and pursue good-paying, sustainable careers, and connect them with resources to change careers, upskill, or otherwise prepare them for the workforce. The Division administers Montana's Registered Apprenticeship program, which provides paid, on-the-job training in a wide range of fields, and provides high-quality economic and labor market information to Montana policymakers, employers, and other stakeholders. WSD is structured in three bureaus: Job Service Montana, Data & Operations, and Employer Engagement & Education. Also housed within the Division is the State Workforce Innovation Board, tasked with advising the Governor on statewide workforce development strategies.

### -----Statewide Present Law Adjustments-----

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	\$232,578
FY 2025	\$0	\$345,269

#### SWPL - 1 - Personal Services -

The budget includes an increase of \$232,578 in FY 2024 and an increase of \$345,269 in FY 2025 to annualize various personal services costs including FY 2023 statewide pay plan, benefit rate adjustments, longevity adjustments related to incumbents in each position at the time of snapshot, and vacancy savings.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	\$384,895
FY 2025	\$0	\$386,841

#### SWPL - 2 - Fixed Costs -

This request includes an increase of \$384,895 in FY 2024 and an increase of \$386,841 in FY 2025 to provide the funding required in the budget to pay fixed costs assessed by other agencies within state government for the services they provide. Examples of fixed costs include liability and property insurance, legislative audit, warrant writer, payroll processing, SITSD adjustments and other others. The rates charged for these services are approved in a separate portion of the budget.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	\$140,585
FY 2025	\$0	\$174,534

#### SWPL - 3 - Inflation Deflation -

This change package includes adjustments in FY 2024 and FY 2025 to reflect budgetary changes generated from the application of inflation to specific expenditure accounts. Affected accounts include those associated with supplies and materials, communications, repair and maintenance, state motor pool, and other services.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	(\$270,078)
FY 2025	\$0	(\$270,151)

#### **PL - 101 - HELP Link Funding Reduction -**

This request reduces state special revenue authority for the biennium. In the 2021 Legislative Session, HB 614 directed that only private entities could provide workforce development services under the HELP Link program. The Montana Department of Labor & Industry (DLI) will continue to administer the program and operate the Employer Grant component of the HELP Link program. The original funding provided to DLI included Employment Specialists in the Job Service Offices to provide services to individuals who needed assistance in getting back to work. As the legislation passed in 2021 does not allow the Job Service Offices to provide the workforce development services, the full amount of funding originally received will not be required. The total savings over the 2025 biennium is expected to be \$540,229 with a reduction of 2.00 FTE in each year of the biennium.

#### -----New Proposals-----

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	(\$2,214,418)
FY 2025	\$0	(\$2,221,068)

#### **NP - 102 - FTE Reduction -**

This change package reduces 40.00 FTE in the department. The agency has gone through an extensive overall organizational review including staffing analysis and efficiency review. The result of this analysis concludes these FTE are no longer needed.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	\$114,358
FY 2025	\$0	\$115,090

#### **NP - 301 - Cost Allocation Plan Adjustment -**

The Department of Labor & Industry's Centralized Services Division (CSD) charges an Internal Service rate to each division based on the personal services charged each pay period. This Internal Service rate pays for DLI's Commissioner Office staff, the Human Resources staff and the fiscal operations staff, as well as the associated operating expenditures. In addition to these costs, the Internal Service rate pays for several fixed costs charged to the agency including general liability insurance costs, HRIS service fees, workers' compensation program management fees, audit fees and the statewide indirect cost fees from the Department of Administration. The Workforce Services Division allocation of this proposed rate increase is \$114,358 in FY 2024 and \$115,090 in FY 2025.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	(\$333,257)
FY 2025	\$0	(\$333,257)

#### **NP - 602 - TSD Technology Services Reduction -**

In FY 2022, the Department of Labor & Industry's Information Technology Help Desk staff were transferred to the State Information Technology Services Division (SITSD) in the Department of Administration. DLI will no longer pay these staff directly but will be billed from SITSD for these services each month. This is part of SWPL2. To offset this increase, DLI is decreasing already established appropriation in each division based on an internal allocation of FTE. The Workforce Services Division's allocation of these services is \$333,257. This change package will decrease the appropriation in that division by \$333,257 in each year of the biennium.

## Unemployment Insurance Div - 02

**Program Description** - Montana's Unemployment Insurance Division (UID) administers the state's unemployment insurance program, which provides temporary, partial wage replacement benefits for unemployed workers. The Division's Claims Processing Bureau conducts the intake, adjudication and payment of UI benefit claims. The Bureau assists unemployed Montanans with claims filings and appeals, and operates claims processing centers in Helena and Billings. The Division's Contributions Bureau facilitates the payment of employer UI payroll taxes, collects taxes and wage reports, and conducts employer audits to ensure compliance. The Division's Program Support Bureau is responsible for reporting, compliance, program integrity and operational support, including support for the Unemployment Insurance Appeals Board. The Division also houses a fraud prevention team that seeks to identify and prevent fraudulent UI claims, and reclaim funds paid on fraudulent claims.

#### **NP - 301 - Cost Allocation Plan Adjustment -**

The Department of Labor & Industry's Centralized Services Division (CSD) charges an Internal Service rate to each division based on the personal services charged each pay period. This Internal Service rate pays for DLI's Commissioner Office staff, the Human Resources staff and the fiscal operations staff, as well as the associated operating expenditures for these staff. In addition to these costs, the Internal Service rate pays for several fixed costs charged to the agency including general liability insurance costs, HRIS service fees, workers' compensation program management fees, audit fees and the statewide indirect cost fees from the Department of Administration.

In FY 2022, the Department of Labor & Industry's (DLI) Information Technology Help Desk staff were transferred to the State Information Technology Services Division (SITSD) in the Department of Administration. The DLI will no longer pay these staff directly but will be billed from SITSD for these services each month. This is part of SWPL2. To offset this increase, DLI is decreasing already established appropriation in each division based on an internal allocation of FTE. This change package will decrease the appropriation in the Central Services Division.

### Employment Standards Division - 05

**Program Description** - The Department's Employment Standards Division (ESD) is responsible for a wide range of services that seek to protect Montana workers and consumers. The Division was formed in 2022 following the merger of the Department's Employment Relations and Business Standards Divisions, implemented to identify and utilize operational efficiencies and better-coordinate areas of overlapping responsibility. The Professional Licensing Bureau provides operational and administrative support for Montana's professional licensing boards and programs, and operates the state's Prescription Drug Registry. The Building and Commercial Measurements Bureau sets and enforces minimum standards for building, electrical, plumbing, elevator and similar codes, and it licenses, tests and certifies all weighting and measurement devices used in commercial transactions. The Division's Human Rights Bureau enforces the Montana Human Rights Act and investigates claims of violations. The Safety and Health Bureau administers federal and state industrial safety laws for the public sector while providing no-cost consultation services for all employers. The Workers' Compensation section assists claimants, employers and insurers in navigating the state's Workers' Compensation system. The Compliance and Investigations Bureau enforces wage and hour, prevailing wage, independent contractor and workers' compensation laws. And the Operations Bureau provides administrative support to the Division while operating its independent contractor registration and data management programs.

The Weights and Measures Program requests one-time-only (OTO) biennial authority to purchase new equipment and vehicles for field inspectors to carry out their mission. Current equipment is outdated and poses a safety hazard for DLI employees and the public. DLI is requesting legislation to allow a one-time transfer of funds to pay for this equipment, but will need additional appropriation if that fund transfer is approved. This OTO appropriation request would be contingent on the passage of legislation LC 400. The total request in appropriation for this OTO biennial appropriation is \$2,300,000.

The specific equipment needed for this program includes (with estimated current pricing included):

Three hybrid proving trucks - \$575,000

Two 100 gallon propane proving trailers - \$150,000

One airport proving trailer - \$100,000

Four electric vehicle charge test meters - \$300,000

#### SWPL - 3 - Inflation Deflation -

This change package includes an increase of \$2,808 in FY 2024 and an increase of \$3,223 in FY 2025 to reflect budgetary changes generated from the application of inflation to specific expenditure accounts. Affected accounts include those associated with supplies and materials, communications, repair and maintenance, state motor pool, and other services.

FY 2024	\$0	\$4,233
FY 2025	\$0	\$4,253

#### NP - 301 - Cost Allocation Plan Adjustment -

The Department of Labor & Industry's Centralized Services Division (CSD) charges an Internal Service rate to each division based on the personal services charged each pay period. This Internal Service rate pays for DLI's Commissioner Office staff, the Human Resources staff and the fiscal operations staff, as well as the associated operating expenditures. In addition to these costs, the Internal Service rate pays for several fixed costs charged to the agency including general liability insurance costs, HRIS service fees, workers' compensation program management fees, audit fees and the statewide indirect cost fees from the Department of Administration. The Workers' Compensation Court allocation of this increased cost is \$4,233 in FY 2024 and \$4,253 in FY 2025.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$0	(\$8,406)
FY 2025	\$0	(\$8,406)

#### NP - 602 - TSD Technology Services Reduction -

In FY 2022, the Department of Labor & Industry's Information Technology Help Desk staff were transferred to the State Information Technology Services Division (SITSD) in the Department of Administration. DLI will no longer pay these staff directly but will be billed from SITSD for these services each month. This is part of SWPL2. To offset this increase, DLI is decreasing already established appropriation in each division based on an internal allocation of FTE. The Workers' Compensation Court's allocation of these services is \$8,406. This change package will decrease the appropriation in that division by \$8,406 in each year of the biennium.

#### **SWPL - 2 - Fixed Costs -**

The request includes \$31,237 in FY 2024 and \$20,669 in FY 2025 to provide the funding required in the budget to pay fixed costs assessed by other agencies within state government for the services they provide. Examples of fixed costs include liability and property insurance, legislative audit, warrant writer, payroll processing, and others. The rates charged for these services are approved in a separate portion of the budget.

FY 2025	\$49,582	\$49,582

#### **NP - 101 - DO Restore Operating Funds -**

This is a request to re-establish Director's Office operating funds that were designated as one-time-only (OTO) funding in the 2021 Legislative Session. Agency costs were reduced during the pandemic, but have returned to normal operations.

FY 2024	\$135,112	\$135,112
FY 2025	\$136,560	\$136,560

#### NP - 102 - DO IT Staffing -

This request is for 1.00 FTE for IT staff and a funding switch for 0.50 of one existing IT FTE and corresponding operating funding. Current staffing levels are 2.00 permanent FTE plus one modified FTE. This proposal would add one additional permanent FTE and provide a funding switch for one current FTE. A study conducted by a 3rd party in February 2022 compared IT staffing levels to the needs of this agency and compared to other similar sized agencies at 6-7.50 FTE. This change package would bring the total FTE in IT from 2.00 to 3.00 FTE. This proposal would also switch how 50% of one of the current permanent IT FTE is funded. Half of this position was previously being funded by federal Disaster and Emergency Services (DES) funds that are no longer available. The agency manages several of its own networks and servers that cannot be managed by SITSD due to the federal requirements for security of federal information.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$25,377	\$90,631
FY 2025	\$24,981	\$89,217

#### NP - 105 - DO Finance FTE -

Request for an additional 1.00 FTE financial staff in the Director's Office. The agency has received recommendations from Legislative Audit Division as well as recommendations from the United States Property and Fiscal Officer (USPFO) for additional internal controls regarding the tracking and usage of federal funding received by the agency. The agency requests additional staff and associated operating costs to implement these recommendations. This request is for \$179,848 in federal authority for the biennium and \$50,358 in general funds to match the federal funding.

	<u>General Fund Total</u>	<u>Total Funds</u>

### Challenge Program - 02

**Program Description** - The Montana National Guard Youth ChalleNGe Program is a volunteer program for youth ages 16 to 18 who have stopped attending secondary school before graduating. ChalleNGe is a 17-month, voluntary, two-phased military modeled training program targeting unemployed, drug-free, and crime-free high school dropouts. The program provides an opportunity for high school "at risk" youth to enhance their life skills, and increase their educational levels and employment potential. Phase I of the program is a 22 week residential stay on the campus of Western Montana College of the University of Montana in Dillon focusing on physical training, classroom instruction, personal development, and life skills. Phase II is a year-long mentoring relationship with a specially-trained member of the community where the youth resides to provide a positive role model and to assist the student in gaining employment or enrolling in post-secondary schooling.

Administration

**Program Description** - The Montana National Guard Scholarship Program provides scholarships to eligible Montana National Guard personnel enrolled as undergraduate students in Montana colleges, universities, or training programs. The program assists Montana in recruiting and retaining personnel in both the Army and Air National Guard and in enhancing its operational readiness to assume both state and federal active duty missions. Scholarships also reward guard members for their service to the state by helping defray their educational costs at Montana post-secondary institutions.

## Starbase - 04

**Program Description** - STARBASE is a Department of Defense educational program where students participate in hands-on science, technology, engineering, and math (STEM) activities. STARBASE is a 100% federally funded program with Montana classrooms at Fort Harrison in Helena and the 120<sup>th</sup> Airlift Wing in Great Falls. These locations allow students the opportunity to interact with military personnel, and to explore careers and real-world STEM applications. Each STARBASE classroom provides 25 hours of STEM instruction to all fifth grade classes within the Helena and Great Falls school districts, as well as afterschool programs and summer camps to students in grades 4-12. The STARBASE program is shown to increase youth interest in STEM careers, familiarity with their local military installations, and instill a sense of confidence and self-worth.

#### **NP - 401 - Starbase Malta Staff and Program Authority -**

This change package is a request for \$397,020 in FY 2024 and \$401,322 in FY 2025 in federal spending authority and 4.00 FTE to create a STARBASE program in Malta, Montana to be located at the new Malta Readiness Center. STARBASE is a 100% federally funded program with classrooms at Fort Harrison in Helena and the 120th Air Wing in Great Falls. STARBASE locations are limited to existing military installations, allowing students the opportunity to interact with military personnel, exploring careers and real-world STEM applications. Each STARBASE classroom provides 25 hours of free STEM instruction to all fifth grade classes within the Helena and Great Falls school districts, as well as afterschool programs and summer camps. This program would serve rural communities across the Hi-Line, specifically targeting students who are historically under-represented in STEM, socio-economically disadvantaged groups, Title 1 schools, low academic performance, and students with disabilities. The federal funding would be used to create the new program in Malta and add staff which would include one program director, one office manager and two instructors.

#### PL - 2104 - DES Disaster Preparedness Operating Adjustment (RST) -

This request is for a restricted appropriation of \$100,000 in general fund for the biennium and \$100,000 in federal funds over the biennium for disaster preparedness activities. In 2022, MT Disaster Emergency Services (DES) gathered input from local emergency managers in communities across the state to determine program gaps. This increase will allow MT DES program and field staff to conduct additional in-person outreach and technical assistance, to coordinate and deliver training, and to help develop local emergency management programs.

	<u>General Fund Total</u>	<u>Total Funds</u>
FY 2024	\$45,000	\$45,000
FY 2025	\$45,000	\$45,000

#### PL - 2105 - DES 24/7 Duty Officer Program (RST) -

Montana Disaster Emergency Services (DES) provides 24/7 duty officer coverage to assist with emerging incidents. Support for emerging incidents occurs prior to a governor's declaration and often does not require issuing an emergency declaration. As a result, the disaster appropriation is not available to offset the cost of the duty officer program. This request is for restricted general funds for this purpose totalling \$90,000 over the biennium.

#### NP - 2101 - DES Modified to Permanent FTE -

This new proposal requests that 5.00 FTE be converted from modified to permanent FTE. The Disaster & Emergency Services (DES) division is requesting to reduce operating by a corresponding amount requested for personal services. DES has experienced an exponentially increased workload in the past several years which has necessitated the use of modified FTE to complete the work. As a result of increased frequency, severity, and complexity of disasters, the number of projects managed by the division has grown from an average of 20 projects per emergency manager to over 100 per manager. DES staff help with the state's disaster management, mitigation, and assisting local governments to request federal reimbursement for eligible disaster costs. In the last 5 years, the agency has managed over \$70M in grant funding for local entities. This total is expected to increase due to additional disaster recovery and mitigation efforts. Four of the permanent staff would provide disaster management and one staff person will be used to support Disaster Logistics and Warehouse Operations for a total of 5.00 FTE in this request.

#### NP - 2102 - DES Continuity of Government Program Transfer -

This change package includes 2.00 FTE transferred from the Department of Administration. In the Memorandum of Understanding for the State Continuity Planning between the Department of Administration, the State Continuity and Emergency Management Office (DOA/SCMO), and the Department of Military Affairs, Disaster and Emergency Services Division (DMA/DES), DMA/DES assumed the responsibility to re-scale the scope of continuity planning to meet standards set forth by the Federal Emergency Management Agency (FEMA) and coordinate continuity planning functions with state agencies. This request will provide \$174,733 in FY 2024 and \$175,312 in FY 2025 with the funding being split 50/50 federal funding/state general fund. A change package in the Department of Administration includes a reduction of 2.00 FTE.
