# **Supreme Court Operations - 01**

01 Supreme Court Operations Beth McLaughlin 841-2966

**Program Description** - The Supreme Court has appellate jurisdiction for the State of Montana. The court has original jurisdiction to issue, hear, and determine writs of habeas corpus and other writs provided by law. It also has general supervisory control over all other courts in the state. The Supreme Court is charged with establishing rules governing appellate procedure, the practice and procedure for all other courts, and admission to the bar and conduct of its members. Within the Supreme Court Operations program, the Office of Court Administrator provides centralized services to the Judicial Branch including information technology, budget and finance, payroll and human resource management, policy and technical support for the Youth Courts, judicial education, and services provided through the federal Court Assessment Program related to child abuse and neglect cases. The Boards and Commissions sub-program provides staff and other support to constitutionally and statutorily required commissions attached to the Montana Supreme Court, specifically the Judicial Standards Commission, the Sentence Review Board, and the Commission on Courts of Limited Jurisdiction. The sub-program also supports activities of the Commission on Practice. Other specialized commissions and task forces - not required by the Constitution and statute but created by the Supreme Court to address specific issues - receive minimal financial assistance with travel expenses and supplies.

### 03 Law Library Sarah McClain x1979

**Program Description** - The State Law Library of Montana (MCA 22-1-501 et seq) provides access to legal information consistent with the present and anticipated needs, responsibilities, and concerns of Montana's courts, legislature, state officers and employees, members of the bar of the Supreme Court of Montana, and members of the general public. The library selects, acquires, and maintains resources consistent with this mission. More electronic licenses are acquired each year, which frequently replace hard copies. This allows the library to get the information more quickly to the customer and to conserve its available shelf space for books and other printed material. The library's space, equipment, and technology are maintained in a manner that will ensure operational efficiency, improve collection preservation, and respond to requirements for accessibility of users and staff.

Library staff provide extensive training in legal research methods and access to the Montana court system. The library's web site (www.lawlibrary.mt.gov) has been designed to help Montana's citizens find the statutes, court cases and rules, legal forms, and explanation of the laws they need. 75% of the people the Law Library assists are non-lawyers who cannot afford attorneys. The library also operates a Court-Help Center.

04 District Court Operations Beth McLaughlin 841-2966

**Program Description** - The District Courts have original jurisdiction in all felony criminal cases, most civil matters and other cases in law, and in equity. These courts may issue all writs appropriate to their jurisdiction and hear appeals from Courts of Limited Jurisdiction pursuant to statutory parameters. The District Courts are also the state's Youth Courts, responsible for managing juvenile probation functions. There are 46 District Court judges in 22 judicial districts serving all 56 counties. The 2001 Legislature mandated state funding of District Court expenses, including salaries and operating expenses for judges and their employees. District Court costs are the largest segment of the Judicial Branch budget.

### PL - 4 - National Criminal History Imp Prgm (NCHIP) -

The National Criminal History Improvement Program, funded by the U.S. Department of Justice Bureau of Justice Statistics, improves the accuracy, utility, and interstate accessibility of criminal history records and enhances records of protective orders involving domestic violence and stalking, automated identification systems, and other state systems supporting national records systems and their use for criminal history background checks.

In 2015, MBCC was awarded a \$2.2 million grant to assist the MT Dept. of Justice and the MT Dept. of Corrections in upgrading their current computerized criminal history systems including automation of presentence investigation records, connectivity to the Board of Pardons and Parole, and enhancement of criminal history record to a charge level tracking system. Awards to MBCC have continued to increase necessitating this request to the federal authority under this program.

### PL - 5 - Victims of Crime Act (VOCA) -

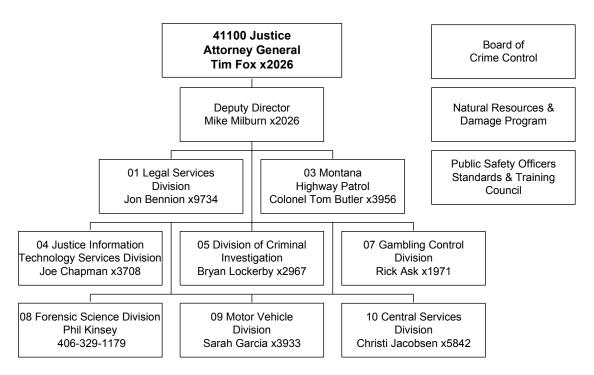

Victims of Crime Act (VOCA) funding is financed by fines and penalties paid by convicted federal offenders. In past years, the annual amount for MBCC has been \$1.7 to \$1.9 million. In 2015, the federal government lifted the cap on available funds to state administering agencies, increasing the formula grant award to Montana by a nearly fourfold increase. Federal FY 2015 VOCA funds awarded to MBCC are over \$6.6 million and the federal FY 2016 block grant has been noticed; with an anticipated award of \$7.5 million. Federal partners anticipate this level of funding for at least the next six years thereby necessitating this additional funding in HB 2 and the MBCC base budget. MBCC is requesting a present law adjustment to accommodate the shortage in federal spending authority for the 2019 biennium.

**Program Description** - The Gambling Control Division (GCD) was established by the 1989 Legislature to regulate the gambling industry in Montana. The division has criminal justice authority and conducts routine field inspections, audits, and investigations related to gambling activities. In addition to collecting and distributing licensing and permit fees for gambling machines and activities, the division collects the gambling tax assessed on the net proceeds of gambling activities.
